

Pay full attention to all the work,  
the Way seeking mind is actualized  
by rolling up your sleeves.

*...actualizing mind*

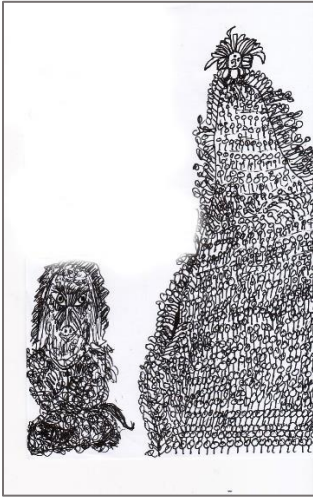

Attend to every aspect  
yourself, so that it will  
naturally turn out well.

*...all the work of actualizing*

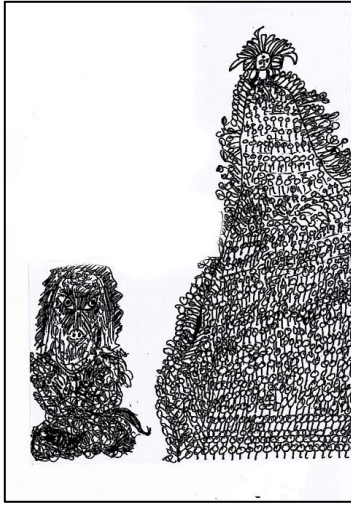

In stillness, conditioned  
existence is forgotten, and  
myriad things are seen  
equally...

*...finding our true nature*

Put things that go on a high place onto a high place...

...actualizing stable mind

Put things that go on a low  
place onto a low place...

...actualizing stability
